"It's so cool that the word for lake here is "kul"! What are some other words for Lake?"

"Hi from Lake Biwa in Japan! Creepy... a legend says a giant carp eats people who drown in this lake! Do people tell any weird stories about Lake Champlain?"

"Whew! I had to climb to 12,500 feet (3,810 meters) above sea level to see Lake Titicaca! How many times higher is that than Lake Champlain's elevation?"

"Hmm... If Lake Champlain is 120 miles long and Lake Superior is 2.9 times longer than Lake Champlain, how long is Lake Superior?"

"It was so great to see Lake Baikal's freshwater seals! Can you name some mammals that live in Lake Champlain? Are any endangered?"

"It was so great to see Lake Baikal's freshwater seals! Can you name some mammals that live in Lake Champlain? Are any endangered?"

"Help me locate all the lakes I visited on the map. What lakes would you visit?"

"Wow—500,000 tons of fish are caught from Lake Victoria each year! That's more than any other lake in the world! What species of fish can you catch from Lake Champlain?"

Major World Lakes
